

The graph shows the profit function of a company. The x-axis represents time in years, with labels 0, 1, and 8.67. The y-axis represents profit in million euros, with labels 0, 358,059, 359,440, and 360. The profit starts at 0, remains at 0 until year 0.5, then increases linearly to 360 million euros at year 1. From year 1 to year 8.67, the profit remains constant at 360 million euros. The area under the profit function is shaded yellow.

VOLUME ETA + CAPTAÇÃO

Volume de Corte (m³)	Volume de Aterro (m³)	Volume Líquido (m³)
104,63	72,24	32,39(ATERRO)
